ABOUT THE COMPANY

CoreQuality CB is a distinguished ISO certification body based in Nigeria. The company provides ISO certification, training, auditing, and testing, assessment, and calibration services to organizations and companies in various industries, including manufacturing, construction, healthcare, finance, and information technology.

At CoreQuality CB, we are committed to helping our clients achieve excellence in quality management, environmental management, occupational health and safety management, food safety management, and other areas of management systems. Our team of highly skilled and experienced auditors and trainers work closely with our clients to ensure that their systems meet the relevant ISO standards and requirements.

Our team of ISO professionals are committed to providing great service and assistance throughout the certification process. Whether you are seeking certification for the first time, upgrading an existing certification, or renewing your certification, our professionals have the knowledge and experience to assist you in achieving your goals. In addition to offering certification services, we also offer training, auditing, and, testing, assessment, and calibration services.

The Nigeria National Accreditation System (NiNAS), the International Accreditation Forum (IAF), and the African Accreditation Cooperation (AFRAC) have all accredited CoreQuality CB, attesting to our dedication to excellence, competence, and objectivity in our certification services.

We are committed to giving our clients the best services possible and helping industries in Nigeria and around the world develop and grow.

CORPORATE
STATEMENTS

Our Vision

Our vision is to be the leading provider of management system certification services in Nigeria, recognized for our expertise, commitment to quality, and exceptional customer service.

Our Mission

Our mission is to provide world-class management system certification services to empower our clients to achieve excellence in quality, environmental, occupational health and safety, and food safety management. We are committed to upholding the highest standards of professionalism, integrity, and impartiality in our services, and to being a trusted partner in the development and growth of industries in Nigeria and beyond.

Our Core Values

1 **Commitment to Excellence**: We are dedicated to providing our clients with the highest level of service and support and continuously striving to improve.

2 **Customer Focus**: We believe in putting our clients at the centre of everything we do and are committed to understanding their unique needs and challenges.

3 **Professionalism**: We are committed to maintaining the highest ethical standards and professionally conducting ourselves at all times.

4 **Teamwork**: We believe in working together as a team to achieve common goals and provide the best possible service to our clients.

5 **Continuous Improvement**: We are committed to continuously learning and improving our processes, services, and support to better serve our clients.

OUR SERVICES

ISO CERTIFICATIONS

At CoreQuality CB, we provide ISO certification services to organizations and companies across various industries. Our services cover the following ISO standards:

ISO 9001:2015 - Quality Management System

This standard sets out the requirements for a quality management system that helps organizations consistently meet customer and regulatory requirements, and enhance customer satisfaction.

ISO 14001:2015 - Environmental Management System

This standard specifies the requirements for an environmental management system that helps organizations minimize their impact on the environment, comply with environmental regulations, and continuously improve their environmental performance.

ISO 45001:2018 - Occupational Health and Safety Management System

This standard outlines the requirements for an occupational health and safety management system that helps organizations provide a safe and healthy workplace for their employees, prevent work-related injuries and illnesses, and comply with occupational health and safety regulations.

**ISO 27001:2022 - Information Security Management System**

This standard specifies the requirements for an information security management system that helps organizations protect their sensitive information assets, manage security risks, and comply with relevant regulations and legal requirements.

ISO 22001 - Food Safety Management System

This standard outlines the requirements for a food safety management system that helps organizations ensure the safety and quality of their food products, comply with food safety regulations, and enhance customer confidence in their products.

Our ISO certification services are designed to help organizations achieve compliance with these standards, demonstrate their commitment to quality, environmental, occupational health and safety, information security, and food safety management, and improve their overall performance and efficiency. Our certification process includes a comprehensive assessment of the organization's management system, including document review, on-site audits, and continuous surveillance. We issue ISO certificates to organizations that meet the relevant standards and requirements, which are recognized nationally and internationally.

Our experienced auditors and assessors have a deep understanding of the industries we serve and are committed to providing our clients with exceptional services that meet their specific needs and requirements. We also offer training and consulting services to help organizations get ready for ISO certification and stay in line with the standards.

AUDITING

CoreQuality CB's Auditing services provide comprehensive evaluations of businesses and organizations to ensure they meet industry-specific standards and regulations. Our team of experienced auditors employs best-in-class methodologies to conduct thorough assessments and provide insightful recommendations for improvement. Our auditors are equipped with the latest tools and techniques to provide accurate, unbiased evaluations.

Our auditing services cover a wide range of standards, including ISO 9001, ISO 14001, ISO 45001, ISO 27001, and ISO 22001, to name a few. Our strict code of ethics ensures that our audits are impartial and objective, giving our clients a fair assessment of their management systems. Our auditing services are designed to help organizations identify and rectify any weaknesses in their systems, ensuring that they remain compliant with the latest industry standards.

CoreQuality CB's Auditing services are competitively priced, and our clients receive personalized attention and support throughout the audit process. Our auditors are trained to deliver high-quality audits while maintaining a collaborative and supportive approach. We work closely with our clients to understand their unique needs and challenges and tailor our services accordingly.

Our commitment to providing world-class auditing services has earned us recognition as one of the leading certification bodies in Nigeria. We are proud to be a trusted partner to businesses and organizations in many different fields, and we look forward to working with you to help you reach your certification goals.

TRAINING

CoreQuality CB's training services are designed to equip individuals and organizations with the knowledge and skills they need to effectively implement and maintain various management system standards. Our training programs are made to fit the needs and wants of each client. They cover a wide range of topics, such as:

Lead Auditor Training: Our lead auditor training program is designed to provide participants with the knowledge and skills they need to effectively audit and assess the compliance of organizations with various management system standards, including ISO 9001, ISO 14001, ISO 45001, ISO 27001, and ISO 22001. This program is perfect for people who want to become certified lead auditors or for organizations that want to improve their internal auditing capabilities.

Internal Auditor Training: Our internal auditor training program is designed to equip participants with the knowledge and skills they need to perform internal audits effectively. This program is great for people who want to get better at internal auditing or for organizations that want to start an internal audit program.

Lead Implementer Training: Our lead implementer training program is practical, engaging and effective, with a focus on delivering real-world results.

Our training portfolio also includes courses in Information Security, Data Privacy and Data Protection, and Data Analytics and Data Science. These courses are designed to help organizations improve their cyber security posture and better protect their sensitive information. Participants will learn about the latest security best practices, threats and trends, and how to implement effective security measures to protect their organization's assets.

Overall, our training services are designed to help organizations achieve their certification goals and improve their overall management system performance. We are committed to delivering high-quality training services that are practical, engaging and effective.

TESTING, ASSESSMENT, AND CALIBRATION

Testing, Assessment, and Calibration are essential parts of ensuring that your organization complies with industry regulations and standards. At CoreQuality CB, we understand the importance of accurate and reliable measurements, which is why we offer a comprehensive range of Testing, Assessment and Calibration services. Our services are designed to help you achieve and maintain high levels of quality and performance, providing you with peace of mind and confidence in your systems and processes.

We have a team of experienced professionals who are knowledgeable about the latest testing and calibration methods and technologies. Our team is equipped with state-of-the-art equipment and technology to ensure accurate and reliable results. Our services are designed to help you meet industry standards, such as ISO/IEC 17025 and ISO 9001, and provide you with the best possible outcome.

In terms of equipment testing and calibration, we can help you ensure that your equipment is operating within the specified parameters and is in compliance with industry standards. Our experts will evaluate and assess your equipment, and provide you with a detailed report that includes the results of the tests and the recommended course of action. Whether you are looking to improve the accuracy of your equipment or ensure that your equipment is functioning properly, our services are designed to help you achieve your goals.

STATEMENT OF
QUALITY

Our company is committed to making sure that our services meet or go above and beyond global industry standards, and we are also dedicated to improving all parts of how we do business.

At CoreQuality CB, we believe that quality is the foundation of everything we do. That's why we have implemented a robust quality management system that complies with international standards such as ISO 9001. Our quality management system helps us to systematically monitor and improve our processes, ensuring that our clients receive consistent, high-quality services.

Our team of professionals are highly trained and experienced in their respective fields, and they are dedicated to providing our clients with the expertise they need to achieve their goals. Our rigorous training and certification programs ensure that our employees are equipped with the skills and knowledge they need to deliver the best possible results.

We believe that our commitment to quality sets us apart from our competitors. Our clients can trust that when they work with CoreQuality CB, they are working with a company that is dedicated to providing them with the highest standard of services. Whether you are looking to achieve certification, improve your processes, or enhance your knowledge, we are here to help you reach your goals.

WHY
CHOOSE US

Expertise: Our team of highly qualified auditors and trainers has extensive experience in providing management system certification services. We have the expertise and knowledge to help our clients achieve their goals.

Commitment to Quality: We are dedicated to providing the highest quality services to our clients and continuously striving to improve our processes and procedures.

Customer Focus: We believe in putting our clients at the centre of everything we do and are committed to understanding their unique needs and challenges.

Professionalism: We are committed to maintaining the highest ethical standards and professionally conducting ourselves at all times.

Authority: As an authorized certification body, we have the approval of NINAS - Nigeria National Accreditation System, IAF - International Accreditation Forum, and AFRAC - The African Accreditation Cooperation which means that our certifications are recognized globally and locally.
